* "I was a bit disappointed with the lack of tutorial in this game but after a short while I got the hang of it" -Elitemador DAISU * "In Tarnished, unfortunately, the fans of the old games will be disappointed, and even dismayed. You won't find old-school RPG elements like encounter with basic monsters and crazy boss fights with a unique appearance. Tarnished may be a sequel that greatly increases the level of action and gives players new things to think about and play with. Fortunately, the new genre is also fun, and I recommend it to those who want a different adventure in the world of fantasy." -Famicom Tsutsumi * "A game with which you can enjoy fantasy without much tedium." -Panmedia * "Is it a slap to nostalgia? Yes. Is it fun? Undoubtedly." -Hachima * "It's a game that fully expresses the true feeling of an RPG game. Not only does it make sense that the open world that was not done before." -Nexus * "A true RPG game that is as easy to play as it is difficult to master." -GloboGi * "It is a game which combines elements of action RPGs and RPGs an RPG I'm dying to play again." -IFW * "A full-fledged action RPG with a simple, easy to understand." -Gamist * "I've had a lot of fun playing Tarnished because I get to play not only an epic action RPG, but also an epic action-adventure game." -Jiragi Asai * "There is no tediousness in the game because it's unlike anything I've played before. It's the type of game that you can easily get a full grip on the story because it flows so beautifully." bff6bb2d33

decision to join your hands with Tarnished was made. Now, you must forge your own path through this vast world that hides many secrets.

Gameplay Defeat dangerous monsters, find hidden treasure! The conditions of the Dead King's army are deadlier than ever, and his plague spreads across the world. Arise Tarnished, and accept the mission of fighting back the Dead King's army! Pick up a Monk's Gloves Unlike the first game where you play in full armor, in this game you'll be able to wield the power of spiritual weapons, just like a Monk. A Complex Game System The game system has undergone a complete revision and now provides a higher degree of freedom and gameplay diversity. The World Between Worlds The world of Nowhere is full of dead bodies of humans and monsters, which means that it exists in the area of the Dead King and becomes something other than the world of reality. You can experience the unique field of the world between worlds.

Easy to Understand, Well-Organized Combat While combat has always centered around damaging with weapons, this game introduced new combat concepts of attack-point building and match-up system.

Introduction of the Spirit Blade A weapon that can deal powerful damage to monsters and possesses a powerful effect when used. Various Layouts of Items and Equipment Equip a variety of items and weapons through a variety of ways. Unique Scroll System In addition to attracting rare items through online play, you can also randomly acquire items from various game content!

What's new:

• Story World: Dead King's army almost encircles the land, so the country must defeat the invading army. The action-RPG genre has come long since the era when games would wander around a castle only to beat the same kinds of monsters a thousand times. It is a genre that starts with the idea of "New Game+", where players battle these same monsters many times over. The RPG genre that aimed at players who already knew the mechanics of battle was made popular. More recently, games such as AddOn Immersive and Kigurumi have been published.
