game (as I am with most indie games out these days). While this game isn't close to the polished AAA gaming experience I know is possible, the gameplay is really fun and despite the fact that it's an indie game, it's the kind of game I would be excited to see more of from other developers. I would love to see more developers try to innovate in this space and bring us more unique, interesting, and different games, such as Papers, Please. What's new in Elden Ring:

Elden, an ancient race of creatures, appears as

beautiful young ladies. They live in the Lands Between, a region of land that is like the Earth's Heaven and Hell.

A long time ago in the Lands Between, a terrible disaster befell the Elden, wiping out the race and scattering its scattered remains to various places. As the one remnant who escaped that disaster, a single creature bore the burden of a great evil. Elden-blood

Elden-blood, the power that keeps the Lands Between running, and the Elden-blood on Earth which is probably the population of the Elden, exist in a sealed-in state. Now that the Elden have regained their standarts, they have returned to the Lands Between in search of their scattered remains.

All life is stilted to the Elden. Elden-blood in this way can be used as a powerful magic which gives life to the universe. It can also give life to someone's soul, and in the process and with great care, can revive a person by meshing with their soul.

However, a curse is attached to Elden-blood. It can be used to create a malevolent mana and can also be used to create several monsters such as Rakshasas.

The Ra, Huunda, or Keradra.

Some monsters will stand around, while others will turn on you against enemies or attack at opportune times. At any rate, in the story, until the moment that the Elden revive the Elden-blood, the Elden's true power cannot be uncovered.

Players must enjoy the world while fighting righteously. Skillfully participate in every fight to discover the power of the Elden Ring and strengthen their character, and you'll find yourself transported to a new adventure.

Please have fun with this EXPERTLY CRAFTED ACTION RPG.
