time strategy genre, developed by the American company Electronic Arts Los Angeles and released on June 10. The game's release date is February 28, 2006. The sequel to The Lord of the Rings: The Battle for Middle-Earth. In The Battle for Middle-Earth II, the player takes on the role of commander of an army of humans, elves, dwarves, or forces of darkness leading an army

of humans, elves, dwarves, or forces of darkness toward Mordor/Barad-dA»r. If victorious, the player receives experience points and can upgrade heroes. The Battle for Middle-Earth II is available for purchase on the Microsoft Store (Windows), Mac OS, PS3 and Xbox 360. Unlike The Battle for Middle-Earth. where the game is essentially a strategy map, in The Battle for Middle-

Earth II the player is directly involved in the battles that take place on the map. The game has the ability to recruit over a hundred different heroes. Heroes are differentiated both by class and by special skills (e.g. "ice shock" - freezes the enemy hero, "fire shock" - sets the enemy hero on fire). The game has three large classes of heroes: Warrior Heroes. Usually their

specialization is attack power, and their special skills are attacks such as "fire". Warlock Heroes. Their typical specialization is attack and defense skills like "defense" or "shield". Mage Heroes. Their typical specialization is magic and special skills, such as "spell" or "ice shock". The game also allows you to switch between hero classes. However, each class has only two heroes

that can be selected (not switchable). dd2bc28256
